

WELCOME TO COLORADO SPRINGS AND OUR SILVER SPUR REUNION 2022 !!!

It is truly a blessing to meet once again. Time “marches on” and we are all in the “4th Quarter” and some in “Overtime”. It has been 55 years since A Troop arrived in RVN.

This Reunion has been planned to be a fun-filled experience for you....with two bodacious activities planned and plenty of time for reminiscing, renewal of friendships, and meeting those who served a different tour from your tour.

It is a time to share stories....preferably without too much embellishment...and a time for remembrance of those who are no longer with us and especially for those who sacrificed during combat. The Memorial Service is paramount.

I encourage each of us to reach out to those unable to attend this Reunion. Declining health and financial challenges prevented several from being here for the fellowship. We all need to be eternally grateful for our life’s experience and the abundant blessings we have received from God.
